The Burns Lake & District Chamber of Commerce has two billboards for advertising situated in a prime location along Highway 16. The signs are in prime locations that viewers can't miss.

Payment is due in November for a January to January rental. Billboards rented part way through the year will be prorated.

It is affordable and impacts a broad audience. You can eliminate the high costs of creating and distributing print ad campaigns by utilizing our billboards as a marketing tool.

Note: Renters are responsible for the printing and hanging of their signs on the billboard. The Burns Lake Chamber of Commerce is not responsible for any damage done to the renters advertisement during the rental agreement. Renters are responsible for removal of the sign if they choose to terminate the contract.
